

Mrs. Will Hill -  
To W. R. Garrison. 7th Feb'y - 1847 -

11

My dear friend,

The People's Journal belonging  
to a Mr Saunders circulates very  
largely, (20 or 25,000) amongst our  
reading middle class - I think  
anything on the subject of slavery  
from your pen showing our duty  
in the matter, & pointing out its  
importance as influencing your  
countrymen would be gladly  
received & very useful, and I shall  
be very glad to be the medium  
of conveying it to the Editor, who  
is a man well deserving

encouragement in his undertaking

I have wished to write a  
private letter to you, that I might  
congratulate you & Mrs Garrison  
on your safe arrival; ~~not~~ merely  
as "Edward Karch," & also on the  
results of your visit to us —

I hope you have named  
me & mine kindly to Mrs Garrison  
altho' we are personally unknown  
to her, but if it shd ever happen  
that you & she shd visit England  
together, pray assure her how happy  
we shall be, to evidence to her  
our respect & esteem for you.

ing — With kind regards

believe me —

Yours faithfully

Wm Ashurst
